## 'JOCK'S WAGGIN' TONGUE

Vol. 3 Thurs. July 6 1939. No. 22  
Jock McIntyre, Editor

Before buying a new combine just look around and see what make those machines were that sold 11 to 13 years ago that are still running and giving service.

Our heartfelt sympathies go out to the Gill family in their sad bereavement.

We have one used three burner Coleman table model gas stove in good condition and priced to sell.

Jimmy the Chinese Laundry man was at Carmangay Stampede last week. It was Jimmy's first trip out of town in 11 years.

Fly - tox in bulk the best fly killer on the market. Bring your bottles.

Shush Shush: folks this is kinda off the records but the editor of this paper didn't do so good at Lethbridge golfing as he did at Vulcan and perhaps for a reason as he along with Alex Latiff and George Orr are known to have burnt some midnight oil while in the city.

Linoleum and Vel felt rugs and we have just the pattern you want.

It seems that there is another coming druggist arrived on the scene who is doing fine as both Doug and Mary are.

Have you seen the new Tobin pressure hand sprayer in 1-2 gal size a real price too.

Emery Miller is reported getting along nicely at Carmangay hospital.

We can see absolutely no good reason for you to buy any Oliver farm machinery since we have such a line to sell as McCormick - Deering, but if you should our new opposition Fred Clever and Harvey Jopling would be glad to see you. We welcome them in this new venture.

Our best wishes for success in their new ventures go to Mr. Baker and Mr. Lindstead and our compliments to Miss McCullough. Our compliments as well to Miss Farmer and Miss Orr on their new appointments.

## PRINCIPAL BAKER RESIGNS SCHOOL

GOES TO COALDALE  
12 Years Record Here

After twelve years as principal of Champion school R. I. Baker has resigned to accept a similar position at Coaldale. His resignation came as a surprise to most residents on Friday when he received notification of his appointment to Coaldale. The school board have taken steps to fill the vacancy by advertising for applications which will be considered next week. Since coming to Champion Mr. Baker has seen considerable change in the educational system and in his capacity as principal had much to do with the working out of details locally with the board.

Mr. Baker has been active in community affairs and at the United church was chairman of the board of managers, an elder and choirmaster.

Mrs. Baker has been identified with the ladies organizations such as the Institute of which she is president.

Mr. and Mrs. Baker and family will move to Coaldale the last of this month.

## SOCIAL EVENING HELD

Members of the United Church Board of management and choir held a most enjoyable social evening last Friday evening when George Rhodes provided the ice cream for the group, which with strawberries and other delicacies made the lunch a decided success.

During the evening occasion was taken to express the regret of the removal of Mr. Baker.

## Barons

The Womens Institute held their annual picnic at Park Lake on Sunday. Races, ball games and swimming were enjoyed. About ninety people were in attendance.

On Saturday two earloads of young people held a picnic at the river near Monarch. They topped the day at the midway in MacLeod.

Mr. and Mrs. Rudy Kotko, Kenneth and Lorette, left for Idaho accompanied by Mr. Theresa Steele who is now living there.

Guy Roberts spent the holiday week end with his parents Mr. and Mrs. A. S. Roberts.

The mens softball team were badly beaten by the Nobleford team on Thursday.

Miss M. Carey has been appointed in the position left vacant by Miss Davenport in the primary room.

When the flour bin or sugar drawer in the kitchen cabinet cracks and lets ingredients seep through, pour melted paraffin over all seams and let harden. It can be renewed when necessary.

## DEATH CALLS MRS. H. GILL

WAS DEVOTED MOTHER  
Member Anglican Church  
and Eastern Star

Death came on Monday afternoon to another well known and beloved resident in the person of Mrs. Georgina, wife of Horace Gill. She passed on in the Carmangay hospital to which institution she was taken the week previous. Funeral was held on Thursday.

Born in Leicester, England Mrs. Gill came to Canada the year of their marriage 1912. While residing at Lethbridge for a while the couple came to Champion in 1916 and have been continuous residents here since that date.

While illness prevented her from taking part in social and public affairs during the last few years, Mrs. Gill was a devoted member of the Anglican church and was a life member of the Eastern Star. In the home she was a devoted and loving mother and despite her handicap lately, was always so cheerful. Surviving is a sorrowing husband and one daughter Flo, also a father, three sisters and two brothers in England.

Solemn funeral service was held in the hall Thursday afternoon, Rev. Canon Wimer conducting.

The service included the old favorite hymn Abide with me, the 99th psalm for responsive reading while the Lexicon reading was from 1 Cor 15, 20 to the end. Mr. Joe McNaughton sang most effectively Beautiful Isle of Somewhere. The prayers were taken from the Prayer Book at page 378-379 followed by the Benediction, The God of Peace and the hymn For All the Saints. Miss Lona Stephenson presided at the piano.

Pallbearers were A. Kramer, R. Gardiner, J. Brown, F. Sisson, F. Clapp and T. Roebuck.

Interment was at Champion cemetery.

### ADDITION LOCALS

Miss Flora Higgins of Retlaw was the guest of her aunt and uncle Mr. and Mrs. Ulysses A. Alexander on Sunday en route to Calgary where she will attend the teachers summer course.

Mrs. C. A. Marshall and family left Friday for Swift Current where they will visit with relatives.

Mr. and Mrs. F. Gotterberg and Miss Katherine Gotterberg were among those attending the Sutherland-McCullough wedding in Calgary Wednesday.

Dr. and Mrs. E. H. Freese were Calgary visitors Tuesday.

Mr. and Mrs. H. Frieson of Didsbury are guests of Mr. and Mrs. G. M. Campbell.

Miss Ada Williamson nurse in training at the Royal Jubilee hospital in Victoria is spent 3 months visiting at her home here. Miss Williamson's holiday was extended due to her health.

## NEW DEMOCRACY IS EXPLAINED

MRS. WILSON SPEAKS  
To Ladies Group

At the regular meeting of the Ladies Social Credit group on Tuesday at the home of Mrs. Peter Dawson Mrs. (Dr.) Wilson of Carmangay explained the efforts of W. T. Herridge to organize a political force to put in to effect Social Credit ideas under the title of The New Democracy.

Mrs. Dawson gave a very interesting account of the Royal Visit at Edmonton and other highlights in the provincial field.

Mrs. D. Chamberlin president occupied the chair and expressed her pleasure at having such a fine attendance, during mid summer months, at the meetings.

Refreshments were served by the hostess and a social hour spent.

It was decided to have an ice cream social in the very near future. Watch for date.

## BRING HOME \$50 PRIZE

There is nothing slow about the Champion baseball team for when they really go after prizes they always take them. On Wednesday at Vulcan they took 1st. prize, bringing home a roll containing \$50 in good and lawful money of the Bank of Canada.

Last week the local boys took \$25 prize at the Carmangay stampede.

This just shows what Champion can do if the boys are given a little encouragement.

## Carmangay

M. R. Leonard has rented the lower part of the rest room for his office.

Eric Collier is now in charge of the Red and White store.

Harry MacDonald of Calgary was among the visitors at the stampede.

Miss Mary Folk has resigned her position at Strathmore school where she has been teaching for the past ten years and is now with her folks, her marriage will take place this month.

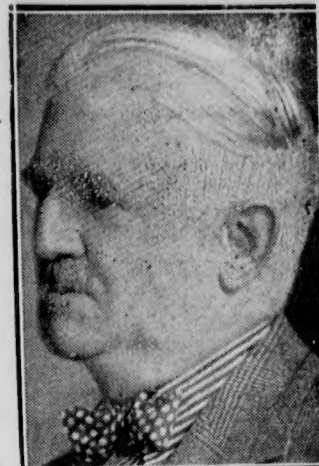

Mr. and Mrs. Sid Collier and son James are spending their vacation with Mrs. Collier's parents Mr. and Mrs. Morfit at Strome.

B. D. Hummon arrived from the stampede and is enjoying a visit with his old friends in this district.

Plenty of people have a good aim in life, but they don't pull the trigger.

## Standards of Education

By Rev. Peter Dawson

In our study of the Larger Unit it is interesting to note what the Liberty Magazine of March 1939 has to say about the minister of Education in the Province, Hon. Premier Aberhart.

"No figure in Canadian History has aroused more bitter enmity on the one hand and more faith full loyalty on the other than Alberta's Premier Aberhart. Yet long after the royalties and the enmities engendered by Social Credit have been forgotten Mr. Aberhart will be remembered as the great emancipator of Canadian Education. He has blazed a new trail for all the Provinces to follow in eliminating costly wasteful, inefficient school governments. The resultant pattern represents a maximum of centralized management together with a minimum of Political 'meddling'."

The article pleads with the citizens of Alberta to give the teachers a long needed break. Else we shall wake up some day to discover a new generation of radical illiterates with its future deadly buried in the past.

The Large unit has brought the benefits to all around. To the teacher it has brought an increase in salary in all divisions. Arrears totalled \$250,000 in 11 divisions in 1935 have been wiped out. In 28 of the 44 divisions now there are no arrears. In 16 others arrangements are being made to pay off \$108,000. Salary schedules are effective in all divisions which are in agreement with the teacher and board alike. Teachers feel more secure in their positions and instead of being dismissed they are merely transferred from one school to another. Recognition of seniority is taking place; thus a more contented and efficient staff of teachers are doing their work with a will and a new lease on life.

### Makes Contribution

There will be genuine regret at the removal from Champion of R. I. Baker who for twelve years has guided the educational system of Champion. But such changes are inevitable and all will extend best wishes.

Principal of the school carries with it far more responsibility than that of teaching in the classroom. There are far more details of management which the public know nothing about, planning of the hours of study and acting as an overseer of the other teachers. In all these qualifications Mr. Baker has apparently excelled and we know from personal knowledge of the respect which school inspector, trustee board, pupils and parents held for the departing teacher.

Aside from teaching Mr. Baker made his greatest contribution to the United Church where he was the pillar and mainspring of its organization and we have no hesitation in saying that in Mr. Baker's removal the Church has lost its best leader for he not only gave of his energy to the church but in his daily life exemplified the spirit of christianity.

His life partner will also be missed for Mrs. Baker in her own quiet manner exerted an influence for good in the community and the Institute will miss an energetic worker.

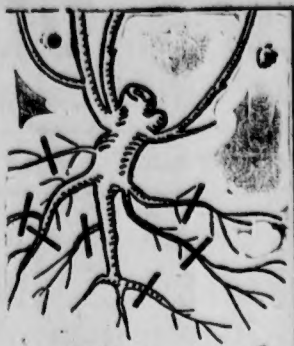

### Freedom Of The Press

A most important meeting last week was that of the Empire Press Association which met in London England and discussed various phases of Newspaper work, laying stress on freedom of the press and increasing the service within the British Empire.

In connection with freedom of the press it was mentioned that editors are already bound by the criminal code and certain statutes to observe certain rules and that there was a tendency to interpret these statutes to curbing the editor by the passage of Legislation.

As in other professions not all who strive can qualify as a member of the fourth estate. An editor's position is one of trust and responsibility. For instance in the selection of reading matter and copy for advertisements. It may not be known generally but the publisher is legally liable for all that is printed in his paper, whether under signature of a person or not. Not only is the writer of an article subject for libel but the publisher who causes it to be distributed. Many articles which border on libel are allowed to pass because no one takes the matter up but the wise editor is one which has sufficient legal training in the law of libel to discern whether or not the articles are in the interests of public service or not. Aside from matters of libel the editor especially those in smaller communities must ever watch for personalities. Addresses given at election time often contain statements which if printed only create a bitterness, and newspapers are gradually adhering to the principles of keeping the tone of public debate, whether at council meetings or political meetings on a high level.

Yet the position of editor has its bright spots too for he is able to give a service to his fellow beings, which has brought joy and happiness to the human race by printing the events of importance.

### WEDDING

The platform of the United church Carmangay was banked with flowers and foliage as a setting for the marriage of William Elkey and Merle Lillian Hodgson, only daughter of Mrs. Glendening. The ceremony was performed by Rev. T. Taylor and Mrs. Folk played the wedding march.

The bride wore a gown of white silk net, floor length with veil and coronet of flowers and carried an arm bouquet of pink roses. She was given away by Mrs. Glendening. Miss. Mary Downing attended the bride, wearing a mauve floor length dress of lilac mauve and picture hat to match.

The groom was supported by Floyd Thompson.

Miss. Marjory Leonard accompanied her sister, Gladys, who sang very sweetly I love you truly, during the signing of the register.

A reception was held at the home of Mr and Mrs Fred Glendening at which seventy five guests were present. Rev. Mr. Taylor proposed the toast to the bride and groom the latter responded. A wedding dance was held at Burwash school.

### MAY BE NO ELECTION THIS YEAR

According to an item from, Edmonton Premier Aberhart is not sure whether to hold an election this year or not and is quoted as saying he was sure the record of the government justified another term in office.

Notwithstanding this it is expected that should the federal election be announced for Oct. the provincial election would be held this fall.

Lovely Blouses

It is not at all difficult to choose lovely blouses these days and here are two that are especially good. At the top is a checked taffeta model in white with dark green, a tucked bosom beneath the tiny collar. Dark green stone studs. The check is used diagonally on the puffed sleeve and on the bosom. The second blouse is of fine white pleated georgette, with a band of smocking across the chest and finish the sleeves. Double georgette Peter Pan collar and band down the front closing. Dark red jewelled studs close the blouse.

### Hail At District Points

Hail was reported from the districts of Carmungay and Barons damaging some of the crop in the Barons area.

Hail fell for 15 minutes and the fields were covered with water from melting hail stones. Roads were also made slippery by the extra heavy downpour.

It is not expected however that the damage from the hail will be severe, as the plants are strong and will come with good vitality.

## THE GUARANTEED ACKNOWLEDGEMENT ACT

Note: The Principle of this bill is to assist those who do not understand deeds or other instruments in writing to make sure the person is aware of the contents of the guarantee and understands same. It does not have anything to do with bills of exchange or cheques or promissory notes or any bond given to His Majesty. Cheques to Government have always been certified before acceptance and the government does not accept promissory notes.

**GUARANTEES ACKNOWLEDGEMENT ACT, (Chapter 74)** This Act relates to deeds or other instruments in writing executed by any person other than a body corporate whereby that person makes himself liable for the acts, defaults or omissions of any other person; except bills of exchange, promissory notes, cheques, bonds or recognizances to the Crown, or to any Court or Judge, or made pursuant to any statute, and guarantees given on the sale of any interest in land or upon the sale of any interest in any goods or chattels.

This act provides that no such deed or instrument entered into after the day upon which this Act comes into force shall be of any force or effect unless the person entering into the obligation created thereby appears before a Notary Public and satisfies the Notary that he is aware of and understands the contents of the deed or instrument, and unless the Notary Public issues under his seal his certificate to that effect in the form set out in this Act.

The fee which may be charged by the Notary for the certificate and incidental services is not to exceed \$1.00. This Act came into force on July 1 1939.

## WEED CONTROL

The ideal moisture conditions which exist this year over most of the province will result both favourable and unfavourable on the control of noxious weeds. The favourable aspects of the situation is that weed seeds will tend to sprout in large numbers because of moisture conditions and where such weeds can be destroyed by cultural practice the farmer will be rid of a potential menace.

On the other hand, however the vigorous growth of weeds will be a drawback and may cause a lower yield. In all cases, though, the eradication of perennial weeds will be made more difficult under the excellent moisture conditions which prevail, an effective control will require more frequent cultivation.

The "green summer fallow" method of destroying annual weeds is recommended. Weeds which spread by seeds must start to grow, and then be destroyed before they produce a new crop of seeds. When the summer fallow is green with weeds, it is time to cultivate, and this is repeated as often as necessary. After every cultivation, which should be a little deeper than the former one, more seeds will germinate and begin to grow, and the plants will be killed by the cultivation which follows.

If perennial weeds, the "black summer fallow" method of destroying the weeds is most effective. This is really a system of cultivation which starves the

weeds. Perennials cannot live with cut leaves, therefore repeated cultivations so frequent that leaves are not allowed to develop is required. This practice will eventually starve the root and destroy it. The ideal growing conditions which obtained this year will cause the leaves to develop rapidly and will necessitate more frequent cultivation.

Mrs. G. M. Campbell entertained at a gracefully appointed shower on Thursday afternoon, complimentary to Miss Alleen McCullough who was married Wednesday in Calgary. Out of town guests attending were: Mrs. A. McCullough Miss Edna Stoddard of Calgary and Mrs. A. E. Anderson of Kelowna.

The wedding of Miss Alleen Collins to A. Kennedy of Warner was announced to take place in August.

### Why Married Men Leave Home Week-Ends

One of the prize catches of the season was that by Percy Gately who brought home a Dolly Varden trout. The fish on display at Campbell's store measured 21 inches long and weighed two and a half pounds.

The fishing fever is catching for we hear that at the stroke of midnight Saturday night George Campbell, Alex. Latiff Geo Hargrave will streak for unannounced fishing streams.
